c. Special Research

None.

2. Training

Nothing to report.

3. Trips

25X1A9a

25X1A9a

25X1X6

25X1X6

██████████ visited Detroit with ██████████ and participated in a briefing of the Automobile Manufacturers' Association on the value to the US ██████████

4. Administration

25X1A9a

██████████ has asked permission to look for a job in another part of the agency.

5. Plans

Nothing new to report.

6. Problems

The branch is short of analysts in the commodity section and will need to take some action soon because no one is currently available to analyze the coal machinery industry of Poland for the Polish NIS.

7. Recommendations

25X1A9a

If the branch does not receive more personnel soon, it may be necessary to put ██████████ on the Polish coal machinery job before he finishes his current assignment.
